Day 4: Reading the Bible

Welcome to Day 4 of 7. Today we will learn more about the Bible and why it is important. Another way that we connect with Jesus and learn more about Him is by reading the Bible.

The Bible contains sixty-six different books of varying lengths written by an assortment of authors. There are two main divisions in the Bible—the Old Testament and New Testament. The books themselves are divided into chapters and verses. For instance, John 3:16 refers to the book of John, chapter three, verse sixteen.

Together, the Bible shows how Jesus is working to make things right in a world full of pain.
