

## **Day 8. PERSEVERANCE**

**Romans 12:12:** Be joyful in hope, patient in affliction, faithful in prayer.

**Question:** What area(s) do you need to apply greater perseverance to in this New Year?

**Prayer Example:** Father, I ask for strength this year to not grow weary in doing good. Help me to be joyful in hope, patient when I am afflicted/suffering and to remain faithful/persistent in my prayer conversations with You. Far too often it is easy to be hindered by distraction, difficulties, obstacles or discouragement. Help me to not just endure but to persevere in all areas of life and in my relationships. Create in me character marked by perseverance.
